

Tier 3 for 28 days from Monday 2nd November.

Dear Member,

I am sure you are aware as from Monday we enter Tier 3 for 28 days.

We are seeking clarity in connection with classes to see if we can run any under the new guidance of Tier 3. We are considering delivering Zoom classes for the popular classes to support our members and instructors through these challenging times. We would like to have some attendance in such classes even if it's 2 or 3 to give support to the delivery of these Zoom classes, but this will need to be approved. The problem we have is access to the powers that be to get approval by Monday.

Due to the serious nature of the situation and putting your safety first along with our staff and instructors we feel the correct course of action is to offer select Zoom only classes next week, which we will present via the online timetable once approved. We have a reduced timetable next week for Zoom classes only, 2-3 classes per day for 1 week only starting on the 2nd November. This will allow us to bring together a timetable to support you and our instructors and seek the required approval of any classes in the club for the following weeks during Tier 3 lockdown.

We feel this is a responsible way forward and a positive step that will enable us to start classes, in some form earlier. A week of reduced Zoom only classes keeps the timetable going whilst we establish what we can do rather than best guess and get it wrong. We will strive to get the update to you by close of play Wednesday.

We take our position seriously and ask for your support during these challenging times, please note access to the gym facilities are open as normal.

Classes play an important role in delivering fitness and wellbeing to our members and the services from our Instructors are valued, we all need to work and support each other to get classes back on the timetable as soon as possible in a safe and compliant way.

Regards, ProFIT28
